**OPTION PRICE LIST - YACHTS
 2015-16
 Motoryacht 84 – 88 – 100 Leonardo**

- The yard reserves the right to change the prices at any time and without notice
- This option price list replaces and supersedes all previous option price lists
- Options with (*) have to be ordered before the beginning of the lamination
- Options with (**) have to be ordered before the arrival of the hull in the shipyard
- Options with (***) have to be ordered within a month after the arrival of the hull in the shipyard
- In case of late request of additional options received by the shipyard 15 days after the above deadlines, the price of those requested optionals will be subject to a 20% increase.
- Eventual additional changes of lay-out will ultimately depend on shipyard's approval and they will be quoted consequently. They have to be defined and extra costs to be approved before arrival of the hull in the shipyard.
- Options not listed in this official document are subject to shipyard's approval
- The choice of some options may prevent or may require the installation of some others
- Prices are valid for boats to be delivered no later than August 31st, 2016
- Prices are in Euros, Vat excluded

APPENDIX 5 - Upgraded marble selection

The lists here below represents:

A) standard marbles: marbles included in the standard allowance of the boat. They can be chosen without any additional charge (valid only for the areas of the yacht where the marble is already part of the std configuration - see the standard technical specification for further details).

B) upgraded marble selection: by choosing the option no. 130 , any of the marbles in the list A and list B can be chosen without any additional charge on top of the listed quotation (valid only for the areas of the yacht where the marble is already part of the std configuration - see the standard technical specification for further details).

Notes:

Any request of any different marble not listed in the two lists is subject to a further confirmation from Azimut and will be quoted consequently.

Any use of any kind of marble for the areas of the yacht where the marble is NOT part of the std configuration (see the standard technical specification for further details) is subject to a further confirmation from Azimut and will be quoted consequently.

Any custom request to change the marble standard installation (i.e. inlays, mosaics, custom cut of the floor or countertop slabs, custom radius of the countertops, etc..) is subject to a further confirmation from Azimut and will be quoted consequently.
